REPORT OF SUPERINTENDENT OF SCHOOLS

To The Jaffrey School Board:

I submit this, my nineteenth annual report as superintendent of schools, this being the twenty-eighth in the series under union supervision. I also call attention to the report of Mr. Jarvis T. Beal, Headmaster of Conant High School, and to the report of Mrs. Helen L. Towne, school nurse.

The enrollment for the school year 1935-1936 was 585, an increase of seven over the previous year. The over-crowding of grade six with sixty pupils necessitated a division of this grade. Thirty-three were left with Miss Vanni, and twenty-seven were assigned to Miss Frost. This change required the transfer of one division of grade seven to Miss Mary Hurley, giving her the entire seventh grade with fifty-three pupils in a room with a normal seating capacity of forty-two.

The only change occurred in the commercial department of the high school, where Miss Ruth Peckham retired after fourteen years of valuable service. Miss Katherine G. Hancock of Milan, N. H., a graduate of Plymouth Normal School, with several years of teaching experience was given charge of this department.

The work of the high school has been excellent, especially creditable in view of the heavy schedule required of each teacher.

The high school building was thoroughly painted during the fall term. This work was delayed until after the opening of school as it was a Federal Project, and the workers could not be transferred to this project until September. The grounds at the rear of the high school were graded and drains were put in. This work greatly improved the playground at this school.

The congested condition at the primary school continues and will continue until more room is provided. The teachers in this school are doing excellent work under difficult conditions.

For several years the grades in the primary building have been too large for the most effective work, and the congestion has now extended to the intermediate and junior high school grades.

There is every indication that the grades will be larger during the next five years rather than smaller.

A careful study of the enrollment of the grades for the past few years, together with the birth rate since 1931 seems to justify the following estimate of enrollment for the next six years:

Jaffrey Estimated Enrollment 1937-38-1942-43

	'37-'38	38-39	39-40	40-41	41-42	42-43

Total Senior High	107	113	127	132	145	159
Grand Total	548	558	569	583	602	632

The best plan to care for the pupils of the Jaffrey schools for years to come appears to be the one decided upon by the School Board, which is to erect on the premises now occupied by Union Hall and the primary building, a twelve room building with a combination auditorium-gymnasium with a seating capacity of six hundred.

A building of this type would accommodate six grades, and relieve the Conant Building of grades five and six which now occupy three rooms.

This plan has been brought to the attention of the citizens of Jaffrey, and the necessary application has been made for a grant from the Federal Government. If this grant is allowed for such a building the government allotment would be $49,500.00, and Jaffrey School District would have to provide $60,500.00 through the issue of bonds covering a period of twenty years.

This proposition is one of great importance to the people of Jaffrey, and we hope they will give it due consideration.

Respectfully,

LEWIS S. RECORD,
Supt. of Schools.

REPORT OF HEADMASTER OF HIGH SCHOOL

To Lewis S. Record, Superintendent of Schools, East Jaffrey, N. H.

The following is my seventh annual report as Headmaster of Conant High School:

Teaching Staff

The only change in the teaching staff was occasioned by the resignation of Miss Ruth Peckham (Mrs. Homer Chouinard), her vacancy being filled by Miss Katherine Hancock of Milan, N. H. In the High School we now have five teachers doing full time work and one teacher doing part time work.

Enrollment and Attendance

While the present enrollment is one hundred and sixteen, the total enrollment has been one hundred and twenty four, as compared with one hundred and twenty-three of last year. Nine pupils have left school and one new boy has entered from Framingham, Mass. These are distributed by age and grade as follows:

The High School attendance for the year 1935-36 was 96.3% as compared with 95.2% for the state as a whole and the number of tardinesses per pupil was .9 while the average for the state was 1.0. The number of half days in which schools were in session in 1935-36 was 338, while the average for the state was 354.5. For the current school year the per cent of attendance has been 96.49% and the number of tardinesses per pupil 0.4. The following is the list of those pupils who have had a perfect attendance record for the first half of the current year:

Activities from February 1936 to February 1937

DRAMATICS. On February 17, 1936 members of the Junior Class presented the three-act comedy "Missing! One Pair!" for the benefit of their Washington Trip Fund. On December 9 this same class, now seniors, gave the play, "It Happened in Hollywood." Both plays were a success financially and socially. The audiences were delighted by the display of talent brought out by the coach, Miss Margaret Cournoyer. Several of her graduates have done well in Church and Grange plays this year. At this time — February 12 — the Junior Class, 1938, is presenting the three-act comedy, "Happy Days."

WASHINGTON TRIP. In April seventeen members of the senior class made the Washington trip under the guidance of Superintendent Record and Miss Margaret Cournoyer as chaperones. This is a seven day trip leaving Boston (Eastern Steamship Boat) on Friday afternoon, stopping off at Philadelphia Saturday, and arriving in Washington Saturday evening. The time till Wednesday is taken up with sight-seeing tours in and around the city, and then the party leaves for New York and stays till Thursday evening, returning on the night boat.

There are thirty-two pupils in the present senior class, and of this number twenty-five have signified their intention of making the trip this year. For the past two years there has been indifference on the part of a few members toward making this trip, and I note that pupils are not saving as carefully as they did previously. The thrift of one member who had earned and saved the money necessary for her Washington Trip by the end of her Junior year is to be commended.

ATHLETICS. Athletics at Conant High School certainly have not been over-emphasized. With the facilities at our disposal it has been very dififcult to practice regularly and maintain the interest of the pupils permanently. Mr. Gerald Cournoyer had the Junior High baseball teams in his charge last spring, and he has helped in basketball when he could spare the time from his classes at Boston University.

In baseball with nearly a veteran team Conant had an excellent season, being tied at the end with Wilton High School for first place in the Monadnock League. In their play off at Wilton Conant was defeated thus finishing second position. The feature game of the season was the no-hit no-run game with Wilton here at home; this game Conant won 3-0.

This fall in basketball both the girls' and boys' teams entered the Monadnock League, but are lacking experience to challenge the leaders. Players of both teams have improved steadily and in another year should give a good account of themselves. If our hopes for a new gymnasium crystallize, it will be one of the most beneficial opportunities that our pupils have had for a long time.

MUSIC. Music in the high school has been under the supervision of Mrs. Mildred Whitcomb again this year. In addition to her regular work with the chorus, a glee club has been organized and a four-part chorus of boys only was trained. On May 25 the combined Glee Clubs of Troy and Conant High School gave a Concert in Troy and this was repeated in Jaffrey the following night. On December 9, 1936 the High School Glee Club, the Junior High Glee Club, and the special Boys' Chorus gave a Christmas Concert under Mrs. Whitcomb's direction in Union Hall. This year Mr. Henrickson has been trying to develop interest in violin and guitar groups by meeting with them during the school day. This has not been satisfactory because there was no common study period or assembly period during which they could meet. In a number of cases the pupils whom the parents wanted dismissed could not afford to lose the time in that particular subject. After five or six years of experimenting with Band and Orchestra troups, special classes, etc., I am convinced that the best solution to this problem is to have the regular Music Supervisor take charge of this training too. With basketball, baseball, and so many after-school interests the time element can be solved best by having a special Activities' Period in the daily program.

MISCELLANEOUS. In May the Junior Class held its invitation Ball which was well attended, and in June, following Graduation, its Reception to the Seniors was the social event of the year.

The second Amos Fortune Prize Speaking Contest was held May 11. The winners for the boys were DeForrest Sweeney and James Shields, and for the girls Barbara Fenerty and Yvonne Michaud.

During the Christmas vacation shelves were added to our Library to accommodate a thousand books, and a special committee of pupils under the supervision of Miss Elizabeth Humphrey, local Librarian, has been at work collecting and sorting

books, periodicals, encyclopedias, etc., and cataloging them.

CONCLUSION. There are a few problems sufficiently outstanding to warrant our attention for another year. One of these it seems to me is the reorganization of courses assigned to teachers, so that each teacher may have at least three subjects in the field in which she trained. Another is the revision of our time schedule to include periods which are at least forty minutes net. If possible the daily program should include an activities period to provide for assemblies, meeting of classes and special club groups, drill in arithmetic, spelling, and other fundamentals, time for a testing program with remedial follow-up work, and time for glee club and orchestra practice. The Domestic Arts Department needs a new sewing machine, and if gas is used in the Chemistry Laboratory next year, it should not be difficult to extend this piping to the Domestic Arts room and provide for one gas heating unit. In our Commercial Department three typewriters should be exchanged this year, and two or three the following year, so that each machine may give full service. These things concern the maintenance of our standards which I think compare favorably with those of other schools.

Respectfully submitted,

JARVIS T. BEAL, Headmaster.
